In the article by Lanktree et al, “Comprehensive Analysis of Genomic Variation in the LPA Locus and its Relationship to Plasma Lipoprotein(a) in South Asians, Chinese, and European Caucasians,” which appeared in the February 2010 issue of the journal (Circulation: Cardiovascular Genetics, 2010;3:39–46), the units for Lp(a) are incorrect on pages 41 and 42 in the text, in the table and footnotes for Table 2, and in Figures 1 and 2. In the published article, they appear as “mg/dL,” but they should instead be “mg/L.” This error does not, however, alter the association analyses, interpretation, or conclusions of the paper.

The correction has been made to the online version of the article. The authors regret the error.
